#### 6. Discussion Items

- a. Tech Park Update: Lewis Bear provided an update on several prospects that have expressed interests in the property. There is one offer that is still active from Mr. Bob Montgomery. There have been a number of cyber related companies that have had interest both in and out of town. We are moving forward to develop our options. Since the last board meeting, we have met with two separate companies who are interested in picking up from where Space Florida left off as an anchor tenant. Scott should have more information by the next PEDC meeting. Steven Barry asked who we would be negotiating with. Both private parties are currently operating independently but are working with Space Florida. If we follow the same format as last time, PEDC would approve a ground lease to Space Florida. Dave Hoxeng asked if we would have the same advantages if PEDC built the building. Lewis Bear stated that PEDC wouldn't receive the same tax break as the state of Florida. Dave Hoxeng also asked if a SKIFF would be included in this design, which Scott confirmed would be for lease out. In addition, Scott Luth and Richard Sherrill have met with EDA. Richard Sherrill shared details of their conversation. The board discussed various scenarios.
- **b.** Economic Development Update
  - 1. Business Development: Danita Andrews shared that the FTZ Board has confirmed receipt of our application. She has received notice to access the federal register to track progress. Scott Luth shared that we will continue to keep the board updated. Danita Andrews also shared that we have a new expansion opportunity to add 120,000 sq ft of space near the interstate with 10 additional jobs. We are also working with a potential tenant for CO:LAB Pensacola where they would soft land here and then grow. We are also working with a few people interested in the Midtown Commerce Park. Scott Luth shared that we are in Phase II with Central Commerce Park. We are awaiting feedback on whether they will progress. Steven Barry asked us to reach out to two specific contacts he will be sharing with us.
  - **2.** Workforce: Scott Luth shared that we are working with Century to submit an application for State DEO funds available to support rural cities.
  - **3.** CO:LAB Pensacola: We are excited to be back! We are working to finish up our list of urgent items to get tenants back in. Lewis Bear shared that the building and outdoor area really looked good. Patrick Rooney shared that we do have potential interested tenants both returning and out of the area. We are projecting at 47% occupancy between returning clients and the pipeline developing.
  - 4. Marketing: Sena Maddison shared that we had 130,000 impressions which is 36 times the national average. We are getting word that May is looking even better.

## 7. Other Business:

- **a.** Legislative Updates:
- Bluffs Update: Scott Luth shared that we are currently in the budget for \$2.5M for the roundabout project waiting to see what happens with the Governor's vetoes.
- Scott is looking to coordinate a meeting between the City and County to discuss prioritizing top projects with money coming down from the state and federal government. His goal is to get that meeting scheduled in the next 90 days to ensure we are maximizing the dollars.

8. **Adjourn:** Lewis Bear adjourned the meeting at 11:04 am.

Next Meeting: June  $22^{nd}$ , 2021 at 10:00 am

Respectfully Submitted By:
